Divine Diversity Consulting is a premier event planner. Our strategy for making a difference in our community of single parents is to host events that provide the seed funds for our activities. We've also organized several children's programs designed to impart confidence, self-awareness, and leadership skills. Our annual awards gala will be a time of honoring our most dedicated community leaders and the hard-working students we love. In addition, we'll be granting families a dream come true.

Founded by a single parent, Divine Diversity knows intimately the struggles of running a household alone. There simply aren't enough resources to maintain stability. Sometimes all we need is a little help to tide us over, whether to pay a bill, buy the kids new shoes, or make up the difference on the amount we need to make the rent.

**No Dream Deferred** is Divine Diversity's way of bridging the gap for single parents. Each year, we'll host events and single parents can enter to win a dream package. Details of the program coming soon. Keep watching [divinediversity.com](http://divinediversity.com).
